RESPONSE GUIDE

COVID 19

**THE INFORMATION YOU NEED TO
ACT—HELP—SUPPORT—SUPPLY**

FOREWORD

We at FedBiz Access are taking the COVID-19 virus very seriously. We see that this pandemic is impacting all of us adversely. We have long worked with small businesses with the goal in mind to assist them with understanding the process and becoming successful in being awarded contracts with the Federal Government. In this hour of need, it has become even more critical that these essential resources get to those that must have them the most. During this ongoing tragedy we feel it is our obligation and duty to help our clients, the federal government and those in need. The intention of this resource guide is to provide quick, actionable information to you in one convenient location. Our hope is that this will facilitate those desperately required items to those in urgent need in the most expeditious way possible. This guide is free and is a compilation of information found on various government sites. For further information you can always call or visit the Small Business Administrations website as well as call your local Procurement Technical Assistance Center Office (Contact Information is provided at the end of the guide). We will get through this time by sticking together and helping one another. If we at FedBiz Access can be of assistance to you please just contact us through our website www.fedbizaccess.com or call our customer service line at 727-756-1601. Thank You.

Explanation

The information to the right is directly from the VA during this COVID 19 Pandemic. It lists the items the VA currently needs as well as the response criteria and email to send it to.

COVID 19 RESPONSE

Department of Veterans Affairs

As we work to provide services to our Veterans during this COVID-19 pandemic, we have identified a shortage of items. Items that if not replenished timely could negatively impact patient care; therefore, the Department of Veterans Affairs is soliciting information for the following:

Surgical Masks - Brand Name or Equal to:

- Level 3 Surgical Masks by Halyard Health; N95 Respirator and Surgical Mask by Halyard; Filtron Antifog Duckbill Surgical Mask by 3M Healthcare;

Disinfectant Wipes - Brand Name or Equal to:

- Sani-Cloth Plus Germicidal Disposable Cloth by PDI, Inc.

Mask, Over the Ear Loop – Brand Name or Equal to:

- Midline Fluid-Resistant Procedural Face Mask with Eye Shield/without Eye Shield

Hand Sanitizer - Brand Name or Equal to:

- Spectrum; Epi-Clenz Instant Hand Sanitizers

Toilet Paper - Brand Name or Equal to:

- Green Tree

Perforated Paper Towel Roll –

- Medline Towels: Nonsterile Absorbent Towels, Bulk

Glove-Exam-Nitrile-Power Free-Sizes S, M, L, XL - Brand Name or Equal to:

- Defend Powder-free Nitrile Textured Exam Glove

Gloves, Sterile, Surgeon, Power Free. Sizes 7,8,9 - Brand Name or Equal to:

- DermAssist Powder-Free Latex Gloves by Innovative Healthcare

N95 Masks – Small - Brand Name or Equal to:

- N95 Niosh Respirator Mask by 3M Healthcare; N95

Face Shields - Brand Name or Equal to:

- Crosstex Medical Face Masks

Gown, Isolation, Level 2 - Brand Name or Equal to:

- AAMI Level 2 Isolation Gowns

Gown, Surgical, Level 4 - Brand Name or Equal to:

- AERO CHROME

No-Touch Thermometers - Brand Name or Equal to:

- Hopkins Medical Products

Disinfectant Spray - Brand Name or Equal to:

- DisCide Ultra Disinfectant Spray

Shoe Covers - Brand Name or Equal to:

- Medline

Soap - Brand Name or Equal to:

- HealthGuard Foaming Hand Wash

If you can fulfill our needs, please respond to the following questions:

1. **Quantity.** How many do you have and is it FDA cleared or approved?
2. **Delivery.** How quickly can you deliver?
3. **Price.** What is the price?

Please send your information and responses to osdbustratcomm@va.gov. To ensure that your response is routed to the correct procurement office, in the **Subject Line**, put **COVID-19 Medical Supply List**.

Explanation

The information to the right is directly from US Army Corp. of Engineers during this COVID 19 Pandemic. It lists the 3 areas they are looking for assistance as well as the current projects they have underway in response to COVID 19.

COVID 19 RESPONSE

Army Corp of Engineers 

Vendors with the ability to perform or supply items 1, 2 and 3 below are requested to send capabilities statements to our dedicated COVID-19 Contracting mailbox: COVIDContracting@usace.army.mil

1. "Build-out" or retrofit of existing space into alternate care facilities

- arenas
- convention centers
- dormitories
- hotels
- other facilities)

2. Field Medical Units

3. Temporary Medical Enclosures

Please Note: Decisions regarding use of hotels, arenas and similar facilities are made at the State level. If you are offering these types of facilities, please contact the applicable State.

FEMA Website with points of contact for each state

Explanation

The information to the right is directly from the State of New York during this COVID 19 Pandemic. It lists all of the required supplies and equipment needed as well as a link to a form to fill out if you are able to supply any of those supplies/equipment.

COVID 19 RESPONSE

State of New York

Governor Cuomo has called on businesses to produce needed supplies related to COVID-19. New York needs companies to help in addressing the need for medical supplies and Personal Protective Equipment (PPE).

[Link for Procurement Form for IMMEDIATELY Available PPE & Equipment](#)

VENTILATORS

- The FDA released new guidance that allows more manufacturers to make ventilators at this time. The agency is allowing for device modification, and the utilization of ventilators intended for other environments.
- High acuity, invasive, portable, battery operated ventilators
- Example models: Puritan Bennet 840, Viasys Avea, Drager Evita, GEinvent, Maquet Servo-I, Hamilton G5, GE Carescape

NASAL SWAB FOR COVID-19 TEST KITS

- Nasal swab guidance for COVID-19 test kits can be found [here](#).
- The Flocked swab tip must be synthetic (dacron or rayon) fiber and appropriately small sized for a nasal cavity (OP is too large)
- Shaft must be narrow and made of flexible plastic
- Shaft must have a break point adequately distal from the swab tip to avoid breaking in the nasal cavity

PERSONAL PROTECTIVE EQUIPMENT

N95 Respirators (hospitals)

- There are two types of respirators that are appropriate for healthcare workers with close contact with COVID-19 patients: 1) N95 Respirators; and 2) Surgical N95 Respirators.
 - Surgical N95 Respirators are the appropriate device in the healthcare setting when both aerosol and barrier protection (i.e., splash or sterile field) are needed and must be approved by both NIOSH as a FFR (42 CFR Part 84) and FDA as Class II Medical Device (21 CFR 878.4040).
 - FDA tests: Fluid resistance (ASTM F1862), flammability, and biocompatibility.
 - N95 Respirators (approved by NIOSH under 42 CFR Part 84) are appropriate for healthcare settings where only protection from patient generated aerosols is required.
 - KN-95 must meet NIOSH and/or EU standards and be CE certified.

Medical (surgical) masks

- Surgical masks must be FDA approved under 21 CFR 878.4040 as Class II Medical Devices.
 - Manufacturing standard: ASTM F2100 – 19 standard
 - ASTM F2100 Level 1 standards for material quality apply in hospital/ICU settings
 - Fluid Resistance with synthetic blood: 80mmHg
 - Differential pressure: <4.0mmH2O
 - Bacterial Filtration Efficiency (BFE) %: ≥95%
 - Submicron Particle Filtration (PFE) @ 0.1u, %: ≥95%
 - Flammability: Class 1

Explanation

The information to the right is directly from the State of New York during this COVID 19 Pandemic. It lists all of the required supplies and equipment needed as well as a link to a form to fill out if you are able to supply any of those supplies/equipment.

COVID 19 RESPONSE

State of New York

Exam gloves

- Non-sterile, disposable patient examination gloves are appropriate for care of COVID-19 patients.
- Regulated by FDA: FDA21 CFR 880.6250 (non-powdered patient examination glove)
- Manufacturing standard: ASTM D6319 for powder-free nitrile gloves, ASTM D3578 for powder-free latex gloves

Gowns (medical), disposable with elastic wrists

- Non-sterile, disposable patient isolation gowns are appropriate for care of COVID-19 patients.
- FDA standards for gowns can be reviewed here.
- Four defined levels of protection tested to meet ANSI/AAMI PB70:
 - Level 1:** Minimal risk, to be used, for example, during basic care, standard isolation, cover gown for visitors, or in a standard medical unit;
 - Level 2:** Low risk, to be used, for example, during blood draw, suturing, in the Intensive Care Unit (ICU), or a pathology lab;
 - Level 3:** Moderate risk, to be used, for example, during arterial blood draw, inserting an Intravenous (IV) line, in the Emergency Room, or for trauma cases;
 - Level 4:** High risk, to be used, for example, during long, fluid intense procedures, surgery, when pathogen resistance is needed or infectious diseases are suspected (non-airborne).
- A **surgical gown** is regulated by the FDA as a Class II medical device that requires a 510(k) pre-market notification. Surgical gowns can be used for any risk level (Levels 1-4).

Eye/face shields

- Must meet ANSI Z87.1 for splash protection

Goggles

- Must meet ANSI Z87.1 for splash protection

DRUGS AND CONSUMABLES

Biohazard bag (Regulated Waste)

- Must meet DOH requirements for the collection of Regulated Medical Waste (RMW) under Title 10 part 70-2.2
 - Red plastic bag, of sufficient strength
- Must meet DOT requirements for the transportation of RMW under 49 CFR 173.197 (e)
 - Can not exceed a volume of 46 gallons, must pass tests prescribed for tear and impact resistance under ASTM D 1922 and ASTM D 1709 respectively. Must meet a tear resistance of 480grams in both parallel and perpendicular planes with respect to length of the bag and an impact resistance of 165 grams.
- Must meet OSHA requirements under 29 CFR 1910.1030(g)(1) (i)
 - Marked with a biohazard symbol

Soap, liquid (1L size)

Explanation

The information to the right is directly from the State of New York during this COVID 19 Pandemic. It lists all of the required supplies and equipment needed as well as a link to a form to fill out if you are able to supply any of those supplies/equipment.

COVID 19 RESPONSE

State of New York

Safety box needle (Sharps) disposal

- OSHA's minimum requirements for sharps containers include:
 - Closable;
 - Puncture-resistant;
 - Leakproof on side and bottom; and
 - Labeled (Biohazard) or color-coded (red) in accordance with standard.
- Production of a sharps container is regulated by the FDA as a Class II medical device that requires a 510(k) premarket notification.
- Sharps containers must meet DOH requirements for the collection of RMW under Title 10 part 70-2.2
 - Marked with a biohazard symbol, rigid, leakproof, puncture-resistant, and closable (Same as OSHA).
- Must meet DOT requirements for the transportation of sharps under 49 CFR 173.134(c)(2)(x)
 - Securely closed to prevent leaks or punctures, less than 18-gallon capacity if transported in a wheeled rack, and made of puncture resistant plastic that meets ASTM standard F2132-01.

[Link for Procurement Form for IMMEDIATELY Available PPE & Equipment](#)

Explanation

The information to the right is directly from FEMA during this COVID 19 Pandemic. It describes the Evaluation and Response Criteria for the FEMA COVID 19 Request for Quote.

COVID 19 RESPONSE

Federal Emergency Management Agency

If you are interested in supporting the response to COVID-19 with your company’s goods and/or services, please submit your inquiry to the Department of Homeland Security (DHS) Procurement Action Innovative Response Team (PAIR) team at DHSIndustryLiaison@hq.dhs.gov

This will ensure your capabilities are received and reviewed by the appropriate acquisition office.

To sell medical supplies or equipment to the federal government, please submit a price quote:

[COVID-19 PPE and Medical Supplies Request for Quotation.](#)

Evaluation Criteria:

Evaluation Criteria for Award under Part 13

Award(s) will be made based on meeting or exceeding the acceptability standards and fair and reasonable determination.

Acceptable

Technical conformance to the requirements of the solicitation. The offeror’s proposed items are FDA, HSS, CDC or other standards approved.

Unacceptable

Does not technically conform to the requirements of the solicitation. The offeror’s proposed items are NOT FDA, HHS, CDC, or other standards approved.

Factor 1: Prior Demonstrated Experience

The Offeror shall provide/reference up to five (5) recent examples of demonstrated prior experience in their proposal. The evaluation of this factor is based on the demonstrated prior experience presented by the offeror. For example, experience in setting up warehouses and shifting personnel to perform “kitting” of supplies, for delivery to another single point would be relevant. Experience in ordering of large amounts of supplies is relevant. Relevant experience related to proposed subcontractors shall be considered. Offerors with no relevant past performance will be rated neutral.

FEMA

Explanation

The information to the right is directly from FEMA during this COVID 19 Pandemic. It describes the Evaluation and Response Criteria for the FEMA COVID 19 Request for Quote.

COVID 19 RESPONSE

Federal Emergency Management Agency

Evaluation Criteria:

Evaluation Criteria for Award under Part 13

Award(s) will be made based on meeting or exceeding the acceptability standards and fair and reasonable determination.

Factor 2: Price

The offeror's price shall be evaluated, for award purposes, to determine fair and reasonable based upon total price proposed for the total requirement. Destination shipping and speed of shipping to be determined at award level.

Response Criteria:

- The offeror shall propose a firm fixed unit price quote for at least 25% of the items in Attachment A.
- All proposed items shall be in accordance with FDA, HSS, CDC regulations and guidelines. Products will be subject to Government testing.
- The contract for any defective items not passing testing will be terminated for cause and forwarded to FEMA's debarring official.
- Any other items shall not be acceptable.
- Offerors may submit price quotes using their own normal commercial quote format as long as the applicable price schedule information is included.

Price quotes should also include the offeror's:

- Company name
- Address
- Phone number
- DUNS or CAGE Code
- And reference the RFP number (70FA2020R00000011)

QUESTIONS

Questions will be accepted every day while the solicitation remains open. Questions should be emailed to Chance.Caione@fema.dhs.gov **Phone calls will not be accepted.**

Quotations will be accepted every day while the solicitation remains open. Email quotations to Chance.Caione@fema.dhs.gov

Chance Caione (Contract Specialist) is the primary point of contact

You may carbon copy **Gary Topper**, Contracting Officer; Gary.Topper@fema.dhs.gov

COVID 19 RESPONSE

Small Business Administration 

CORONAVIRUS RELIEF OPTIONS

Our nation's small businesses are facing an unprecedented economic disruption due to the Coronavirus (COVID-19) outbreak. On Friday, March 27, 2020, the President signed into law the CARES Act, which contains \$376 billion in relief for American workers and small businesses.

Paycheck Protection Program

This loan program provides loan forgiveness for retaining employees by temporarily expanding the traditional SBA 7(a) loan program. [Learn More](#)

EIDL Loan Advance

This loan advance will provide up to \$10,000 of economic relief to businesses that are currently experiencing temporary difficulties. [Learn More](#)

SBA Express Bridge Loans

Enables small businesses who currently have a business relationship with an SBA Express Lender to access up to \$25,000 quickly. [Learn More](#)

SBA Debt Relief

The SBA is providing a financial reprieve to small businesses during the COVID-19 pandemic. [Learn More](#)
